

## CITY OF LODI

## COUNCIL COMMUNICATION

**AGENDA TITLE:** Public Hearing To Consider The Technical Equipment Purchase Proposal For Local Law Enforcement Block Grant Program

**DATE:** June 18, 1997

**PREPARED BY:** LARRY D. HANSEN, CHIEF OF POLICE

**RECOMMENDED ACTION:** That the City Council authorize the Lodi Police Department to purchase Computer Aided Dispatch equipment (CAD) from the Data 911 Computer Company, which is the same vendor that was selected for the Mobile Data Terminals (MDT) with funds from the Local Law Enforcement Block Grant Funds in the amount of \$115,618.

**BACKGROUND INFORMATION:** On July 17, 1996 the City Council authorized the Lodi Police Department to accept Local Law Enforcement Block Grant Programs Funds in the amount of \$104,057 and provide 11% matching funds in the amount of \$11,561. The source of the matching funds will be taken from the General Fund.

The City applied for, and received the Grant Award on February 19, 1997. The funds were placed in a special revenue fund pending dispersal.

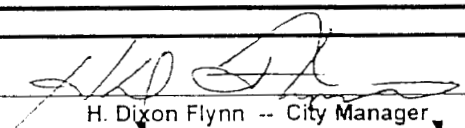

On May 22, 1997 an Advisory board convened and reviewed the proposal for the disbursement of those funds. The proposal indicated that in combining this grant money with the COPS More grant funding the police department has over \$600,000 to spend on Mobile Data Computers, Computer Automated Dispatch, a new radio infrastructure and report writing software.

One immediate result of the additional technology from research of other cities is that the rate of stolen cars recovered immediately increases. Officers were able to run license and warrant checks from their cars and are more likely to use the computers provided because of the ease of accessibility and speed of response.

The Advisory Board consisted of the following persons:

Rich Ferrera, Assistant Superintendent, Lodi Unified School District  
Robert Baysinger, Judge, Lodi Municipal Court  
D.D.A. Scott Fichtner, San Joaquin County District Attorney's Office  
Malinda Wallace, Vice President, Lodi Boys and Girls Club  
Charles Mauch, Captain, Lodi Police Department

APPROVED: \_\_\_\_\_

  
H. Dixon Flynn -- City Manager

Authorize LPD to Purchase Computer Aided Dispatch  
Software Equipment with Local Law Enforcement Block Grant Funds  
June 18, 1997  
Page Two

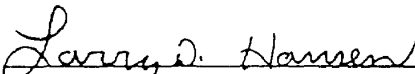

Jerry Adams, Captain, Lodi Police Department  
Larry Hansen, Chief, Lodi Police Department  
Audrey Mathers, City of Lodi Finance Department

The Advisory Board agreed with the proposal and made no other recommendations.

On June 18, 1997 a public hearing regarding the proposed use of Block Grants funds, will be held at the scheduled City Council Meeting. Local advertisements will be made to insure the fullest possible participation by the public in the public hearing.

Local Law Enforcement Block Grant -- Advisory Board Meeting  
May 22, 1997

Board members in attendance: Chief Larry Hansen, Captain Charles Mauch, Captain Jerry Adams, Lodi Municipal Court Judge Robert Baysinger, Deputy District Attorney Scott Fichtner, Dr. Rich Ferrera of Lodi Unified School District, Melinda Wallace of Lodi Boys & Girls Club, and Audrey Mathers, City of Lodi Finance Department.

Captain Mauch:

An introduction of the grant and its purpose to promote better community protection. He stated that the money would be bested used by the Police Department if technology was purchased. A public hearing will be held on June 4 at the regular City Council meeting.

Chief Hansen:

Pointing out to those present that this will be a nonbinding recommendation from this board. The point of the grant requirement is to have local law enforcement officials meet with members of the community to determine what are the priorities to better protect and serve the community. Meeting with the advisory board provides the opportunity to present and discuss options.

The Lodi Police Department is currently undergoing a huge change in technology. In combining this grant money with the COPS MORE grant funding the Police Department has over \$600,000 available to spend on Mobile Data Computers, Computer Automated Dispatch, a new radio infrastructure and report writing software.

Captain Adams:

Presented an overview of the other grants received this year, including the COPS Universal Hiring Grant that provided for a new Streets Crimes Units, and the COPS MORE Grant that is providing funding for new technology (MDC's and radio infrastructure).

One immediate result of the additional technology from research of other cities is that the rate of stolen cars recovered immediately increases. Officers are able to run license and warrant checks from their cars and are more likely to use the computers provided because of the easy of accessibility and speed of response. More information is available by using MDCs than through dispatchers.

Chief Hansen:

Officers are able to determine the situation in the car that they pull over before they even leave their own.

Captain Adams:

Although the department has been looking for a new system for quite awhile, the delay has actually helped. The systems available today are much improved over what the department was originally looking at purchasing. Also, the timing of receiving both grants provides the ability to purchase more technology at a better price due to the volume of the purchase and by using the same company, Data 911, for all items.

Chief Hansen:

The department has done the homework and has been very lucky in receiving over \$1 million in grant funding this year. The Local Law Enforcement Block Grant was something that was not applied for but was received to further local safety programs. And it may be possible to receive another one in 1997 and if so, this board will meet again.

Another grant has been applied for Records Management. The purpose is to move toward a PC based system, moving away from main frame computer systems.

Future grants will be considered for possible help toward the school district and other programs within the City.

School District Member, Dr. Rich Ferrera:

The School District would be interested in the ability of fast and effective background checks considering the recent events in Rio Linda.

Also, Dr. Ferrera wanted to point out that with new technology comes ongoing expenses and training.

Chief Hansen:

This is the third wave of technology that this department has gone through and foresees a fourth wave in four to five years.

School District Member, Dr. Rich Ferrera:

One other consideration of new technology is keeping up with technology and the continuation of budgeting.

Chief Hansen:

This funding will provide Officers with more effective tools to perform their duties. Chief Hansen apologized for the lateness of this meeting but again expressed that the ability to make a better purchase by combining these grants and using one company will achieve the goals of the department.

# CITY OF LODI

## COUNCIL COMMUNICATION

**AGENDA TITLE:** Authorize Lodi Police Department to Apply and Accept  
Local Law Enforcement Block Grant Program Funds

**DATE:** July 17, 1996

**PREPARED BY:** Chief Larry D. Hansen

---

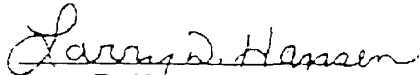

**RECOMMENDED ACTION:** That the City Council authorize the Lodi Police Department to apply for and accept Local Law Enforcement Block Grant Program Funds and provide 11% matching City funds.

**BACKGROUND INFORMATION:** The Omnibus FY 1996 Appropriations Act, (Public Law 104-134), authorizes the Director of the Bureau of Justice Assistance (BJA) to make funds available to units of local government under the Local Law Enforcement block Grants Program, herein also referred to as Block Grants Program, or block grants, for the purposes of reducing crime and improving public safety. this application kit provides program and application guidelines for the FY 1996 Local Law Enforcement block Grants Program.

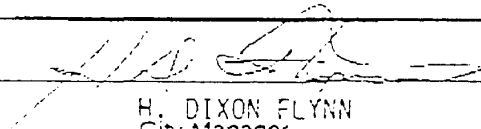

Lodi Police Department will use these funds to procure technology and equipment, specifically both hardware and software. Final decisions have not been made at this time.

Captain Charles Mauch will be attending the Council Meeting to answer any questions regarding this matter.

**FUNDING:** \$11,561

# **Reporting Requirements**

---

## **Progress Reports**

Recipients of funding are required to submit an initial quarterly progress report for the first full calendar quarter, followed by semi-annual progress reports for the remainder of the grant period. The progress reports describe activities during the reporting period and the status or accomplishment of objectives as set forth in the approved grant application. Progress reports are due on the 30th day following the end of the reporting period. Examples follow:

- If the grant award date is October 1, the first report which would cover the period from October through December, would be due January 30. The next report would cover the period from January through June and would be due July 30.
- If the grant award date is November 1, the first report which would cover the period of November through March (January through March being the first full quarter the grant is operational), and would be due April 30. The next report would cover the period from April through September and would be due October 30. Subsequent reports are due every 6 months.

A final report, which provides a summary of activities and significant results from this Block Grants Program, is due 90 days after the end date of the grant. BJA will provide report forms to the grantee.

## **Financial Status Reports**

Required financial status reports (SF 269A) are due quarterly on the 45th day following the end of each calendar quarter. A report must be submitted for every quarter the award is active. The Office of the Comptroller will provide a copy of this form in the initial award package.

## **Submission Requirements**

The process for submission of applications under the Block Grants Program is described in detail in the instructions form included as part of this application kit.

## **Application Deadline**

The deadline for submission of application under this Block Grants Program is **August 9, 1996**.

## Suspension or Termination of Funding

BJA may suspend, in whole or in part, terminate funding for or impose another sanction on a grantee for any of the following reasons:

- Failure to comply substantially with the requirements or statutory objectives of the Omnibus Crime Control and Safe Streets Act of 1968, as amended, Block Grants Program guidelines issued thereunder, or other provisions of Federal law.
- Failure to adhere to the requirements, standard conditions, or special conditions.
- Proposing or implementing substantial program changes to the extent that, if originally submitted, the application would not have been approved for funding.
- Failure to submit reports.
- Filing a false certification in this application or other report or document.
- Other good cause shown.

Before imposing sanctions, BJA will provide reasonable notice to the grantee of its intent to impose sanctions and will attempt informally to resolve the problem. Hearing and appeal procedures will follow 28 CFR Part 18 of Department of Justice regulations.

# Financial Requirements

---

## Grant Funds Must Supplement and Not Supplant

An assurance that Block Grants funds will not be used to supplant local funding must be included in the application submitted to BJA. This certification attests that Federal funds will be used to supplement existing funds for program activities, not replace funds already appropriated for the same purpose. Potential supplanting will be the subject of postaward monitoring and audit. If there is a potential presence of supplanting, the applicant or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of federal funds. Signing the *Assurances* commits the applicant to compliance with the coordination and nonsupplanting requirements in the Omnibus Crime Control and Safe Streets Act of 1968, as amended. Violations can result in a range of penalties, including suspension of future funds under this Block Grants Program, suspension or debarment from Federal grants, and recoupment of monies provided under this grant in addition to possible civil and/or criminal penalties.

## Audits

State and local governments are subject to the Single Audit Act of 1984 and OMB Circular A-128, "Audits of State and Local Governments."

Applicants are required to provide the period of their fiscal year and the name of their cognizant Federal agency on the application. The cognizant Federal agency is generally the agency that provides the preponderance of Federal dollars received by the grantee.

## Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug-free Workplace

After carefully reading the instructions provided with the form, applicants should review and sign the certification form included in this application kit. Signing this form commits the applicant to compliance with the certification requirements under 28 CFR Part 69, "New Restrictions on Lobbying," and 28 CFR Part 67, "Government-Wide Debarment and Suspension (Nonprocurement) and Government-Wide Requirements for Drug-Free Workplace (Grants)." The certification will be treated as a material representation of the fact upon which reliance will be placed by the U.S. Department of Justice in awarding grants.

## **Eligibility for Employment in the United States**

Organizations funded under this Block Grants Program must agree to complete and keep on file, as appropriate, the Immigration and Naturalization Service Employment Eligibility Form (I-9). This form is to be used by the recipient of Federal funds to verify that persons employed by the recipient, are eligible to work in the United States.

## **Employment Preference for Former Members of the Armed Forces**

Units of local government shall give suitable preference in the employment of persons as additional law enforcement officers or support personnel to members of the Armed Forces who were separated or retired involuntarily due to the reductions in the Department of Defense.

# General Requirements

---

## Single Point of Contact Review

Executive Order 12372 requires applicants from State and local units of government, or other organizations providing services within a State, to submit a copy of the application to the State Single Point of Contact (SPOC), if one exists, and if this Block Grants Program has been selected for review by the State. The State SPOCs are listed in Appendix B of this application kit. Applicants must contact their State SPOC to determine whether the Block Grants Program has been selected for State review. The date that the application was sent to the State SPOC or the reason such submission is not required should be entered on the application form.

If the State SPOC requires a copy of the application, the applicant must still send the original application to BJA.

## Civil Rights

All recipients of Federal grants funds are required to comply with nondiscrimination requirements contained in various Federal laws. Specifically, the statute that governs programs or activities funded by the Office of Justice Programs (OJP) (Section 809(c), Omnibus Crime Control & Safe Streets Act of 1968, as amended, 42 U.S.C. 3789d, prohibits such discrimination, as follows:

No person in any State shall on the grounds of race, color, religion, national origin, sex [or disability]\* be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, or denied employment in connection with any program or activity funded in whole or in part with funds made available under this title.

*\* Section 504 of the Rehabilitation Act of 1973 prohibits identical discrimination on the basis of disability.*

If funded, grantees must acknowledge that failure to submit an acceptable Equal Employment Opportunity Plan approved by the Office for Civil Rights (if grantee is required to submit one pursuant to 28 CFR 42.302), is a violation of its certified assurances and may result in the suspension of funding obligation authority.

If any court or administrative agency makes a finding of discrimination on the grounds of race, color, religion, national origin, gender, disability, or age against a recipient of funds, the recipient must agree to forward a copy of the findings to the OJP Office for Civil Rights.

The amount of the required match can be computed by calculating one-ninth of the Federal portion of program costs. For example, if \$90,000 of Federal funds is requested, this amount multiplied by 1/9th requires a local entity to match it with \$10,000. The Federal amount (\$90,000) plus the match (\$10,000) should be combined to equal the total program proposal cost.

Federal

Amount	Match
\$90,000	$\times 1/9 = \$10,000$

Total program cost      \$90,000 + \$10,000=\$100,000

The matching requirement is only applicable to the amount of the Federal award, not any interest or income derived therefrom. Specifically, any interest gained from the trust fund cannot be used to match the Federal award but must be used to add to the Federal award amount.

The unit of local government is responsible for ensuring that a commitment for the matching funds is available prior to submitting an application. The applicant must certify as part of its application that the funds required to pay the non-Federal portion of the cost of each program will be made available for expenditure during the grant period. This certification is made by including the total match amount on the application form and signing the certified assurances document. Regardless of the source of match, it must be expended during the period of the Block Grant.

All grantees must maintain records that clearly show the source, the amount, and the timing of all matching contributions. All Federal award recipients must provide the required cash match. **There is no waiver provision for the match.**

Allowable sources of the match include funds from the following:

- States and local units of government.
- Housing and Community Development Act of 1974.
- Appalachian Regional Development Act.
- Equitable Sharing Program (Federal asset forfeiture distributions to State and local officials).
- Private funds.

## Award Period

The unit of local government must obligate and expend Block Grants funds and any interest deriving therefrom within 24 months of the date of the initial payment. Any Block Grants Program funds and interest that remain unobligated or unexpended at the end of 24 months from the date of the initial payment shall be returned to BJA within 27 months of the initial payment.

treatment. While membership on the advisory board may be broader, it must include representatives from at least the following:

- Local law enforcement agency.
- Local prosecutors office.
- Local court system.
- Local public school system.
- Local nonprofit group (e.g., educational, religious, or community) active in crime prevention or drug use prevention or treatment.

The advisory board must review the application for funding under the Block Grants Program, and it must be authorized to make nonbinding recommendations to the unit of local government for the use of funds received under this program.

## **Public Participation**

At least one public hearing must be held regarding the proposed use of Block Grants funds prior to the obligation of any funds received. Steps should be taken by the unit of local government to encourage the fullest possible participation in the public hearing.

## **State Review**

Applications for funding under the Block Grants Program must be submitted to the CEO of the State for review and comment at least 20 days prior to submission to BJA. For the purposes of the Block Grants Program, the State agency designated by the Governor to administer the Edward Byrne State and Local Assistance Formula Grant Program shall be considered the Governor's representative for Block Grants Program application reviews unless an alternative agency has been designated by the State. A list of the Byrne State Administrating Agencies is attached as Appendix A of this application kit.

## **Matching Funds Requirement**

The Federal funds provided under a grant for the Local Law Enforcement Block Grants Program may not exceed 90 percent of the total costs of a program. The applicant's matching share must be in the form of cash.

(i) the attorney general of a State certifies that a unit of local government under the jurisdiction of the State bears more than 50 percent of the costs of prosecution or incarceration that arise with respect to Part I violent crimes reported by a specified geographically constituent unit of local government, and

(ii) but for this paragraph, the amount of funds allocated under this section to—

(I) any one such specified geographically constituent unit of local government exceeds 200 percent of the amount allocated to the unit of local government certified pursuant to clause (i), or

(II) more than one such specified geographically constituent unit of local government (excluding units of local government referred to subclause I and in paragraph (7)), exceed 400 percent of the amount allocated to the unit of local government certified pursuant to clause (i) and the attorney general of the State determines that such allocation is likely to threaten the efficient administration of justice,

**then** in order to qualify for payment under this title, the unit of local government certified pursuant to clause (i), together with any such specified geographically constituent units of local government described in clause (ii), shall submit to the Director a joint application for the aggregate of funds allocated to such units of local government. Such application shall specify the amount of such funds that are to be distributed to each of the units of local government and the purposes for which such funds are to be used. The units of local government involved may establish a joint local advisory board for the purposes of carrying out this paragraph.

(B) In this paragraph, the term 'geographically constituent unit of local government' means a unit of local government that has jurisdiction over areas located within the boundaries of an area over which a unit of local government certified pursuant to clause (i) has jurisdiction.

## Trust Fund

Each unit of local government must establish a trust fund to deposit all Federal payments received under the Block Grants Program.

## Advisory Board

Prior to the obligation of any funds received under the Block Grants Program, a unit of local government must establish or designate an advisory board that includes representatives of groups with a recognized interest in criminal justice and crime or substance abuse prevention and

## Eligibility for Program Funds

Funding under this program is available to units of local government. For the purposes of this program, a *unit of local government* is a town or township, village, city, or county or recognized governing body of an Indian tribe or Alaskan Native village that carries out substantial governmental duties and powers. Further, for the purposes of this Block Grants Program the Commonwealth of Puerto Rico shall be considered a unit of local government as well as a State.

## Distribution of Awards

Each unit of local government eligible to apply for a Block Grants direct payment from BJA will be notified individually of the amount for which it is eligible.

The Director of BJA will set aside funds for units of local government within a State. The amounts will be proportionate to the State's average annual amount of Part I violent crimes, compared to that for all other States for the three most recent calendar years of data from the Federal Bureau of Investigation. However, each State will receive a minimum award of 0.25 percent of the total amount available for formula distribution under the Local Law Enforcement Block Grants Program.

Awards to units of local government will be proportionate to each local jurisdiction's average annual amount of Part I violent crimes compared to all other local jurisdictions in the State for the three most recent calendar years.

- BJA will make awards directly to units of local government when award amounts are at least \$10,000. Each unit of local government eligible to apply for an award of \$10,000 or more will be notified by BJA.
- Each State will receive the remainder of the State's allocation for local applicants whose award amounts are less than \$10,000. BJA will make one aggregate award directly to the State. The State will distribute such funds among State police departments that provide law enforcement services to units of local government and units of local government whose allotment is less than such amount in a manner which reduces crime and improves public safety.

Section 104(b)(9) contains the following provision in an attempt to accommodate potential funding disparities within jurisdictions:

(A) Notwithstanding any other provision of this title, if—

(i) mandatory periodic testing of each participant for the use of controlled substances or other addictive substances during any period of supervised release or probation; (ii) substance abuse treatment for each participant; (iii) probation or other supervised release involving the possible prosecution, confinement, or incarceration because of noncompliance with program requirements or failure to show satisfactory progress; (iv) programmatic, offender management and aftercare services such as relapse prevention, vocational job training, and job and housing placement.

- Enhancing the adjudication of cases involving violent offenders, including cases involving violent juvenile offenders. For the purposes of this program, violent offender means a person charged with committing a Part I violent crime under the Uniform Crime Reports.
- Establishing a multijurisdictional task force, particularly in rural areas, composed of law enforcement officials representing units of local government; this task force will work with Federal law enforcement officials to prevent and control crime.
- Establishing crime prevention programs involving cooperation between community residents and law enforcement personnel to control, detect, or investigate crime or the prosecution of criminals.
- Defraying the cost of indemnification insurance for law enforcement officers.

Funds or a portion of funds allocated under this title may be used to contract with private, nonprofit entities or community-based organizations to carry out the purposes of this Block Grants Program.

## **Prohibition on Use of Funds**

Units of local government may not expend funds provided under the Local Law Enforcement Block Grants Program to purchase, lease, rent or acquire any of the following:

- Tanks or armored vehicles.
- Fixed-wing aircraft.
- Limousines.
- Real estate.
- Yachts.
- Consultants.
- Vehicles not primarily used for law enforcement.

In addition, Federal funds cannot be used to supplant State or local funds, but instead to increase the amount of funds that would be available otherwise from State and local sources.

# Program Requirements

---

## Overview

The Omnibus FY 1996 Appropriations Act, (Public Law 104-134), authorizes the Director of the Bureau of Justice Assistance (BJA) to make funds available to units of local government under the Local Law Enforcement Block Grants Program, herein also referred to as Block Grants Program, or Block Grants, for the purposes of reducing crime and improving public safety. This application kit provides program and application guidelines for the FY 1996 Local Law Enforcement Block Grants Program.

## Program Purpose Areas

Local Law Enforcement Block Grants Program funds may be used for one or more of the following seven purpose areas:

- Law enforcement support for:
  - ☐ Hiring, training, and employing on a continuing basis new, additional law enforcement officers and necessary support personnel (if funds are used for hiring law enforcement officers, there must be a net gain over the unit of local government's current appropriated budget, in the number of law enforcement officers who perform nonadministrative public safety service).
  - ☐ Paying overtime to presently employed law enforcement officers and necessary support personnel for the purpose of increasing the number of hours worked by such personnel.
  - ☐ Procuring equipment, technology, and other material directly related to basic law enforcement functions.
- Enhancing security measures in and around schools, and in and around any other facility or location that the unit of local government considers a special risk for incidents of crime.
- Establishing or supporting drug courts. To be eligible for funding, a drug court program must include the following:
  - ☐ Continuing judicial supervision over offenders with substance abuse problems, but who are not violent offenders.
  - ☐ Integrating administration of other sanctions and services, which shall include:

RESOLUTION NO. 97-89

A RESOLUTION OF THE LODI CITY COUNCIL  
APPROVING THE PURCHASE OF TECHNICAL EQUIPMENT  
(COMPUTER AIDED DISPATCH EQUIPMENT (CAD) FROM  
DATA 911 COMPUTER COMPANY WITH LOCAL LAW  
ENFORCEMENT BLOCK GRANT FUNDS

=====

BE IT RESOLVED, that the Lodi City Council does hereby approve the purchase of technical equipment (computer aided dispatch equipment (CAD) from Data 911 Computer Company with Local Law Enforcement Block Grant Funds.

Dated: June 18, 1997

=====

I hereby certify that Resolution No. 97-89 was passed and adopted by the City Council of the City of Lodi in a regular meeting held June 18, 1997, by the following vote:
